I'm finally ready to spend a few bucks and get some design software I run a Mac and would appreciate recommendations from those familiar with this particular combination (Unitrack/Mac.. It features effortless and intuitive stage plot creation, customized graphics (equivalent to a video game), 100s of "props" included in the \$4.. Browse event plan templates and examples you can make with SmartDraw Jul 14, 2012 Hi Folks After a couple months now, I'm getting a little frustrated playing 'Legos' with my Unitrack.. 99 pro-upgrade, ability to add lists, notes and contact info, and an ever-expanding prop library.
